

# Is Student Involvement in Quality Providing Value for Students and Institutions Alike?

*Thursday 19<sup>th</sup> April 2018, Rose Bowl 263, City Campus, Leeds Beckett University*

## Northern Universities Consortium (NUCCAT): Workshop Programme 2017/18

Do students want to work with institutional processes? Do institutions want to orientate quality around student priorities? Is there a space where these two perspectives intersect in a fruitful way to provide value for all? We bring together Students' Union representatives and sector practitioners to share proven mechanisms for building meaningful student engagement in quality processes, including a contribution from a newly appointed student representative to the Office for Students Panel.

This helpful, practitioner based seminar will be of interest to staff and students who are interested in developing their institutions' approach to student engagement in quality.
