WELCOME TO OUR NEW HALLAM CAREERS FAIR

Over the course of the day you will have the opportunity to meet over 140 of the best local and national graduate employers, all of whom are here to recruit Sheffield Hallam students and graduates.

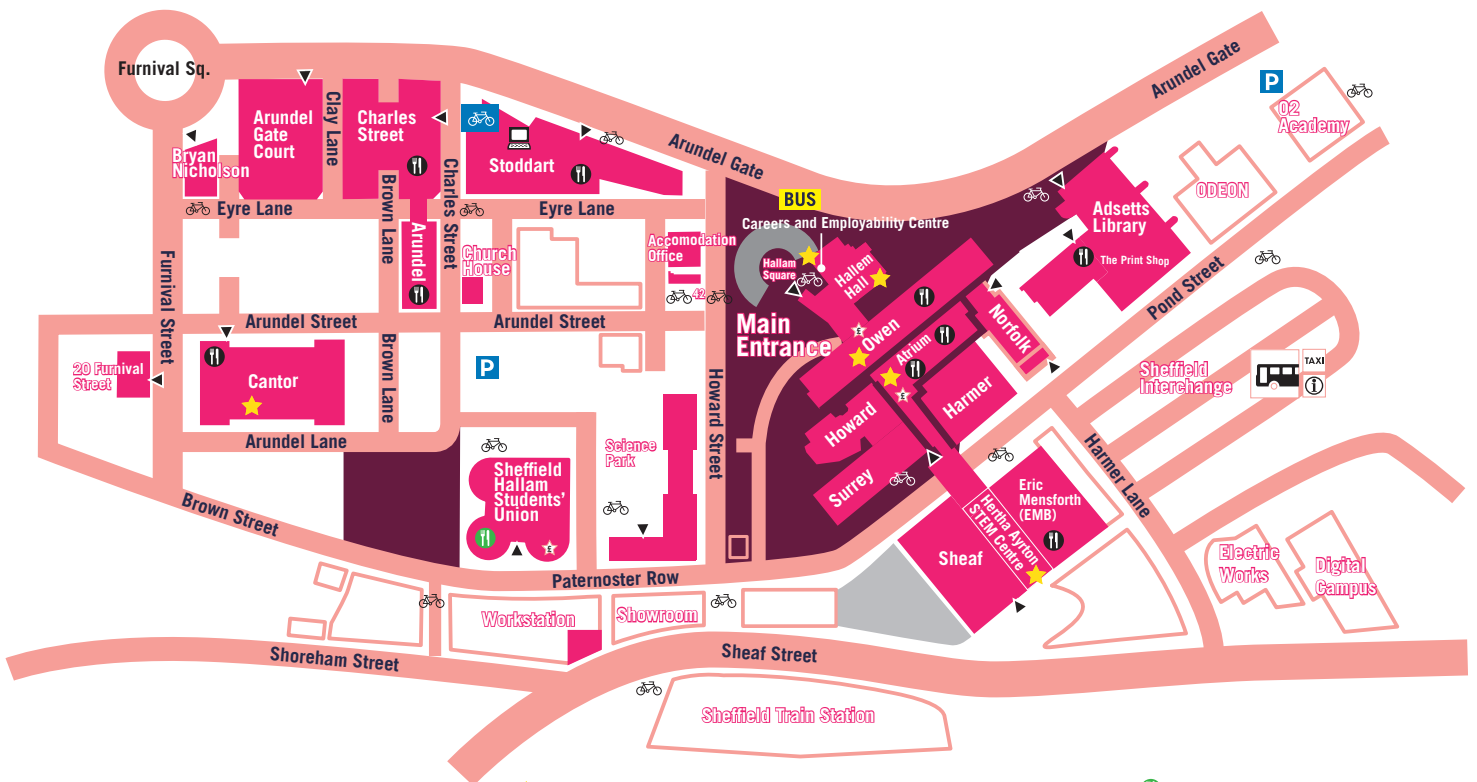

Many of the businesses and organisations that you will speak to today are recruiting for a range of opportunities. They include summer internships, placements and graduate roles. It is also important to remember that lots of employers at the fair welcome applications from any discipline.

Whatever your course or stage of study, whether you are information gathering, developing your networking skills or actively seeking an opportunity, use this guide to help you identify the employers you want to talk to and make the most of this unique event.

Colleagues from the placement teams and the Careers and Employability Service will be on hand in each of the locations to assist you.

We hope you enjoy The Hallam Careers Fair.
