A world map with a dark blue background and white star-like speckles. Countries are outlined in white. The top 5 destinations are highlighted in red: France, China, USA, Malaysia, and Spain. Other countries are in a light blue color.

Top 5 destinations

1. France

2. China

3. USA

4. Malaysia

5. Spain

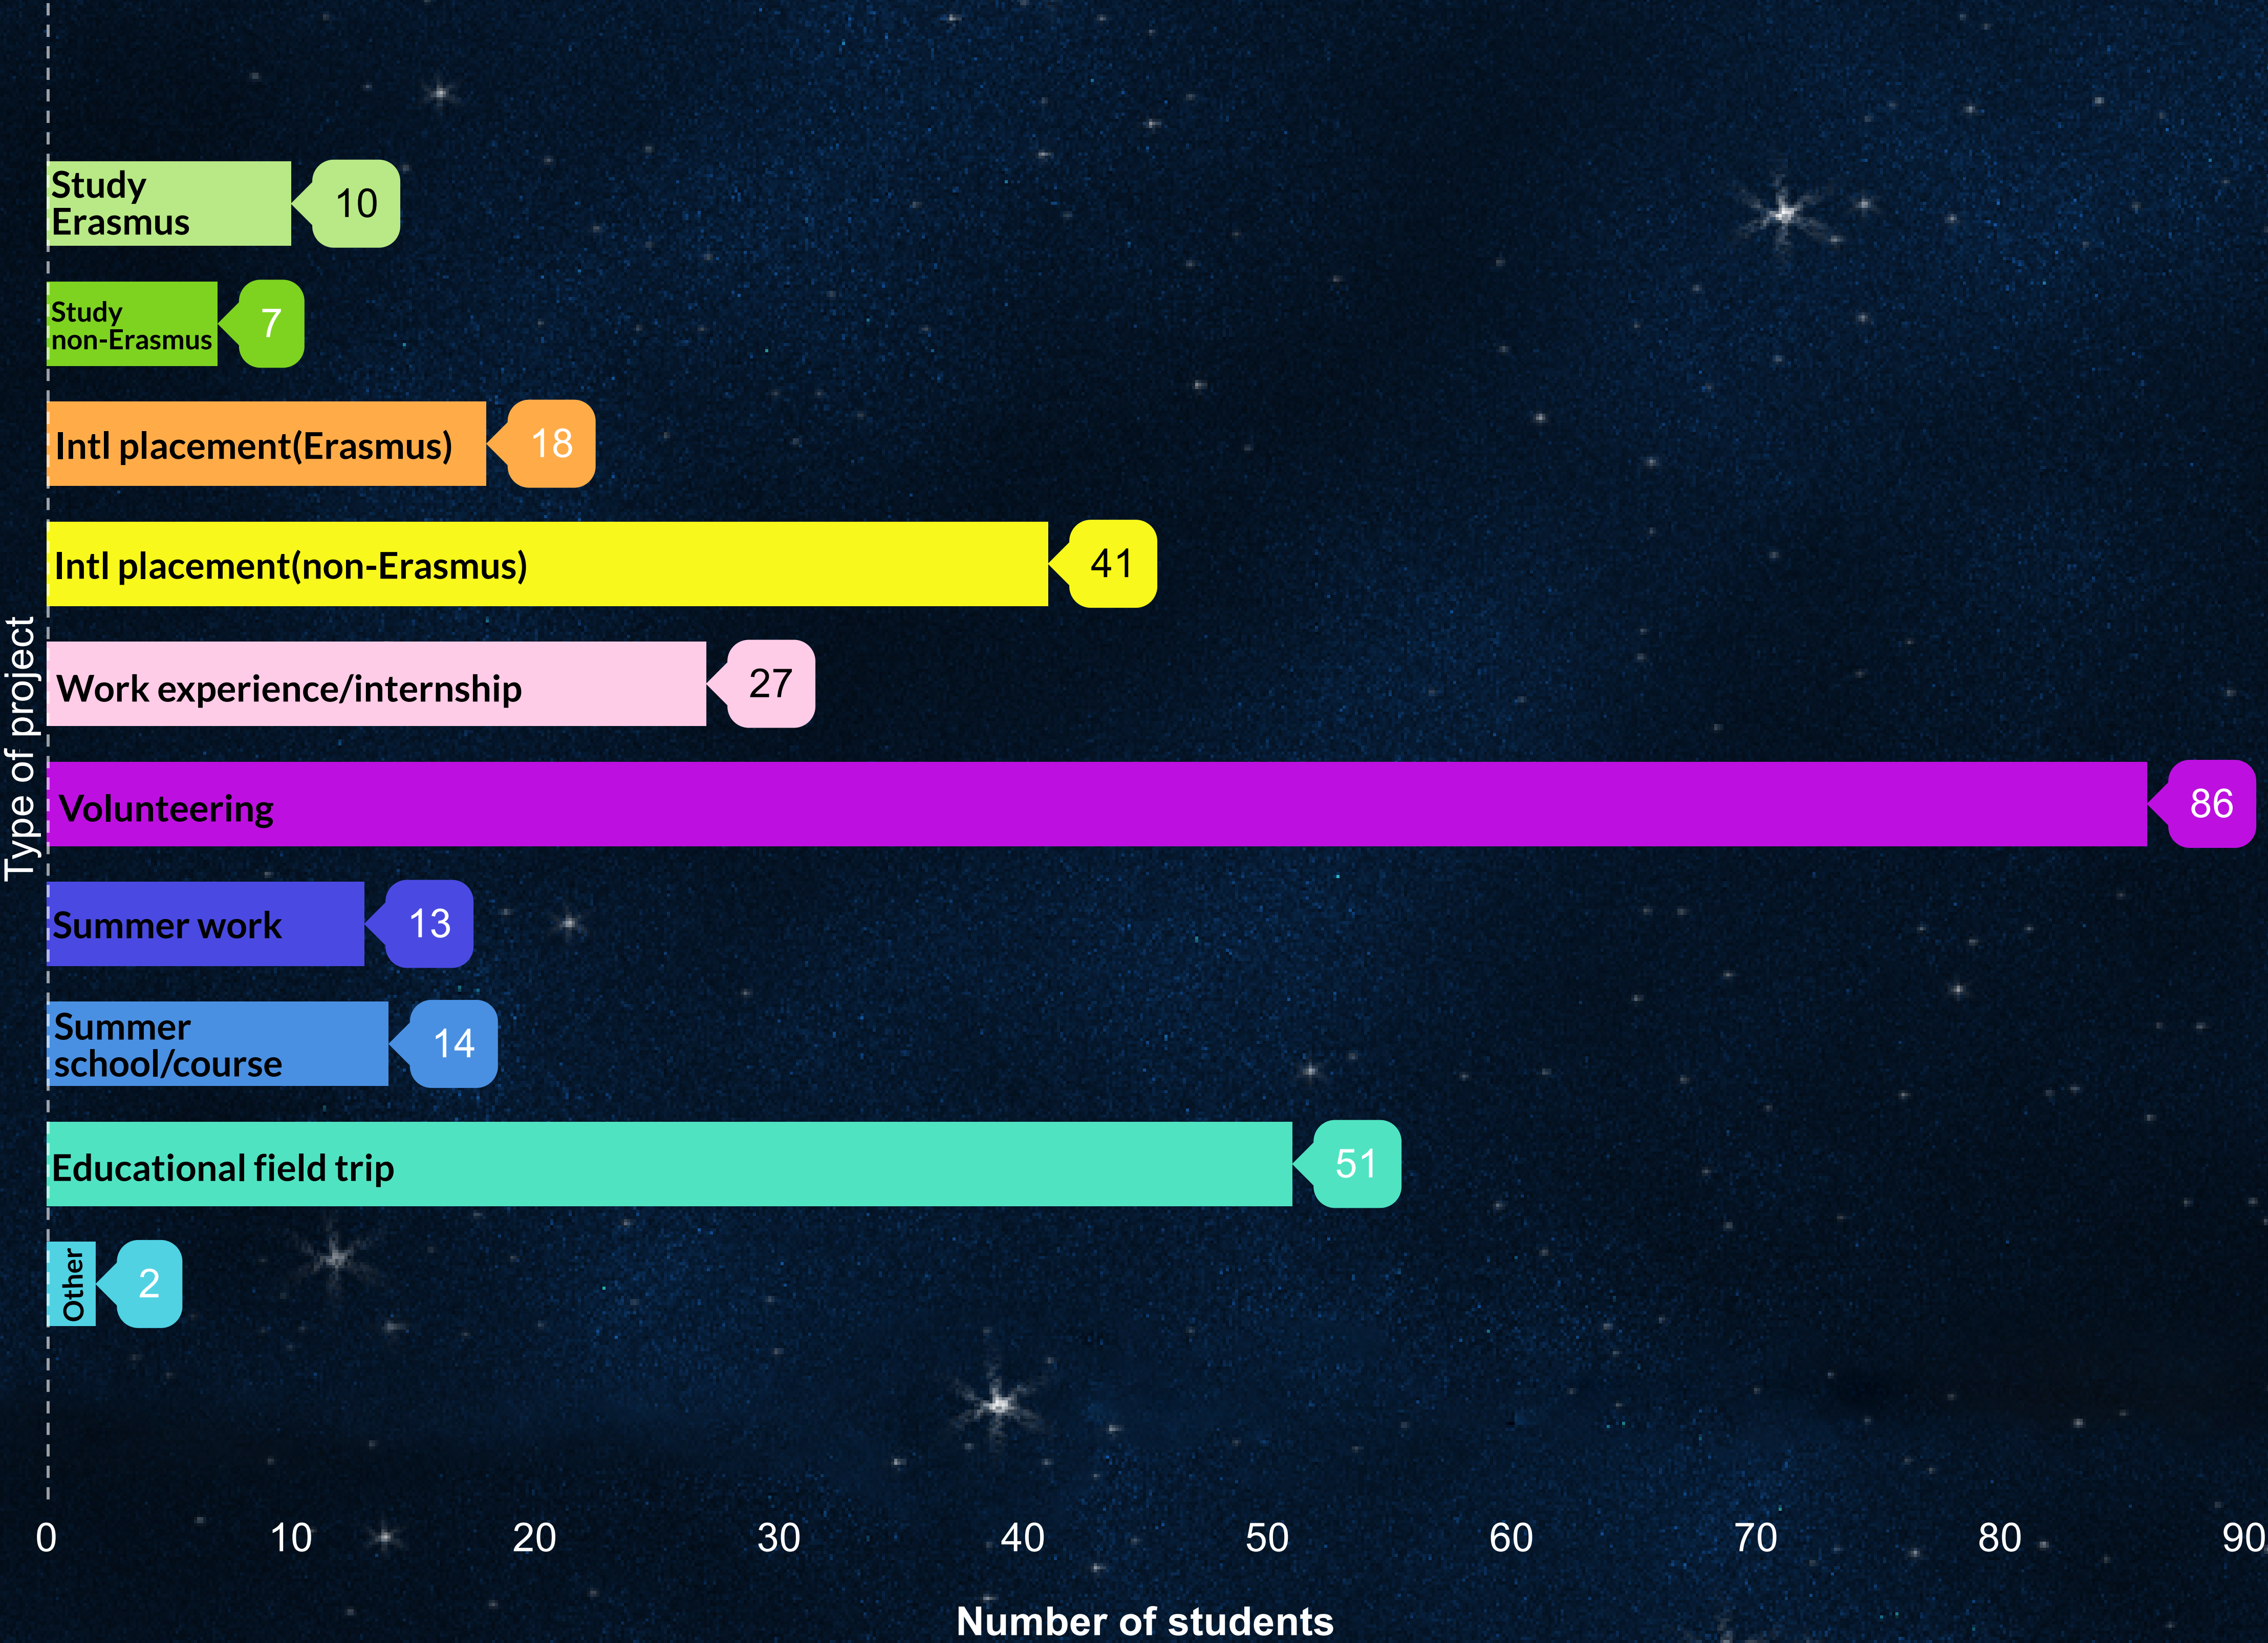

"The experience of working on the 2018 Gold Coast Commonwealth Games has enhanced my understanding of the background mechanics behind a world-renowned sporting event. I've learnt about the various roles and positions needed to allow a competition of this scale to become operational, whether that be as a whole or within individual events."

Harry Preston
BA Sports Business Management
Volunteering at the Commonwealth Games in Australia

"On reflection of my placement, I feel I have developed my practice as a teacher due to the stark contrast of the environment in which I taught. The complete lack of access to materials has increased my appreciation for the importance of subject knowledge; I had to teach concepts simply using a blackboard, meaning I had to go back to basics and rely on subject knowledge and clear explanations."

Morgan Goodwin
BA Primary Education (5-11) with QTS International Specialism
Placement in South Africa
