# Information for exchange students

coming to Business Academy Aarhus, Denmark

# Be you!

Come and join Business Academy Aarhus as an exchange student! With us you are not just a number. You're an individual who will be on a first-name basis with all your lecturers. Obviously, all of our academic programmes have the highest quality and you'll get the best learning outcomes, but we offer so much more ...

## Be challenged by our diverse and distinctive academic programmes

Business Academy Aarhus is one of the largest business academies in Denmark and develops and offers practice-orientated higher education programmes. But we offer so much more than just business.

Like research universities, we provide undergraduate programmes and can grant academic degrees, but we do not award master's or doctoral degrees.

You can study at Business Academy Aarhus on a semester basis or for the full academic year.

Each semester awards 30 ECTS credits and almost all of our undergraduate courses are available to incoming exchange students, provided you meet the pre-requisites and subject requirements.

You can access a complete list of our programme offerings via our online course catalogue:

[baaa.dk/catalogue](http://baaa.dk/catalogue)

## Be assured of our commitment to providing outstanding student services

We want you to enjoy your time at Business Academy Aarhus, so we have a comprehensive network of support and advice if you need it. The International Office will do as much as possible to answer your questions and support you throughout your stay. We offer introduction and orientation events for all incoming exchange students.

This includes assistance with the more boring, practical part of moving to Denmark (like getting registered and opening a bank account) as well as fun social activities so that you get to know your fellow exchange students and the rest of your classmates.

You will have a 'buddy' at the Academy so that you always have someone to go to – no matter how trivial you think your questions are and for the more troubling problems, you can always reach out to our specially trained student counsellors.

# 4900

full-time Danish and international students.

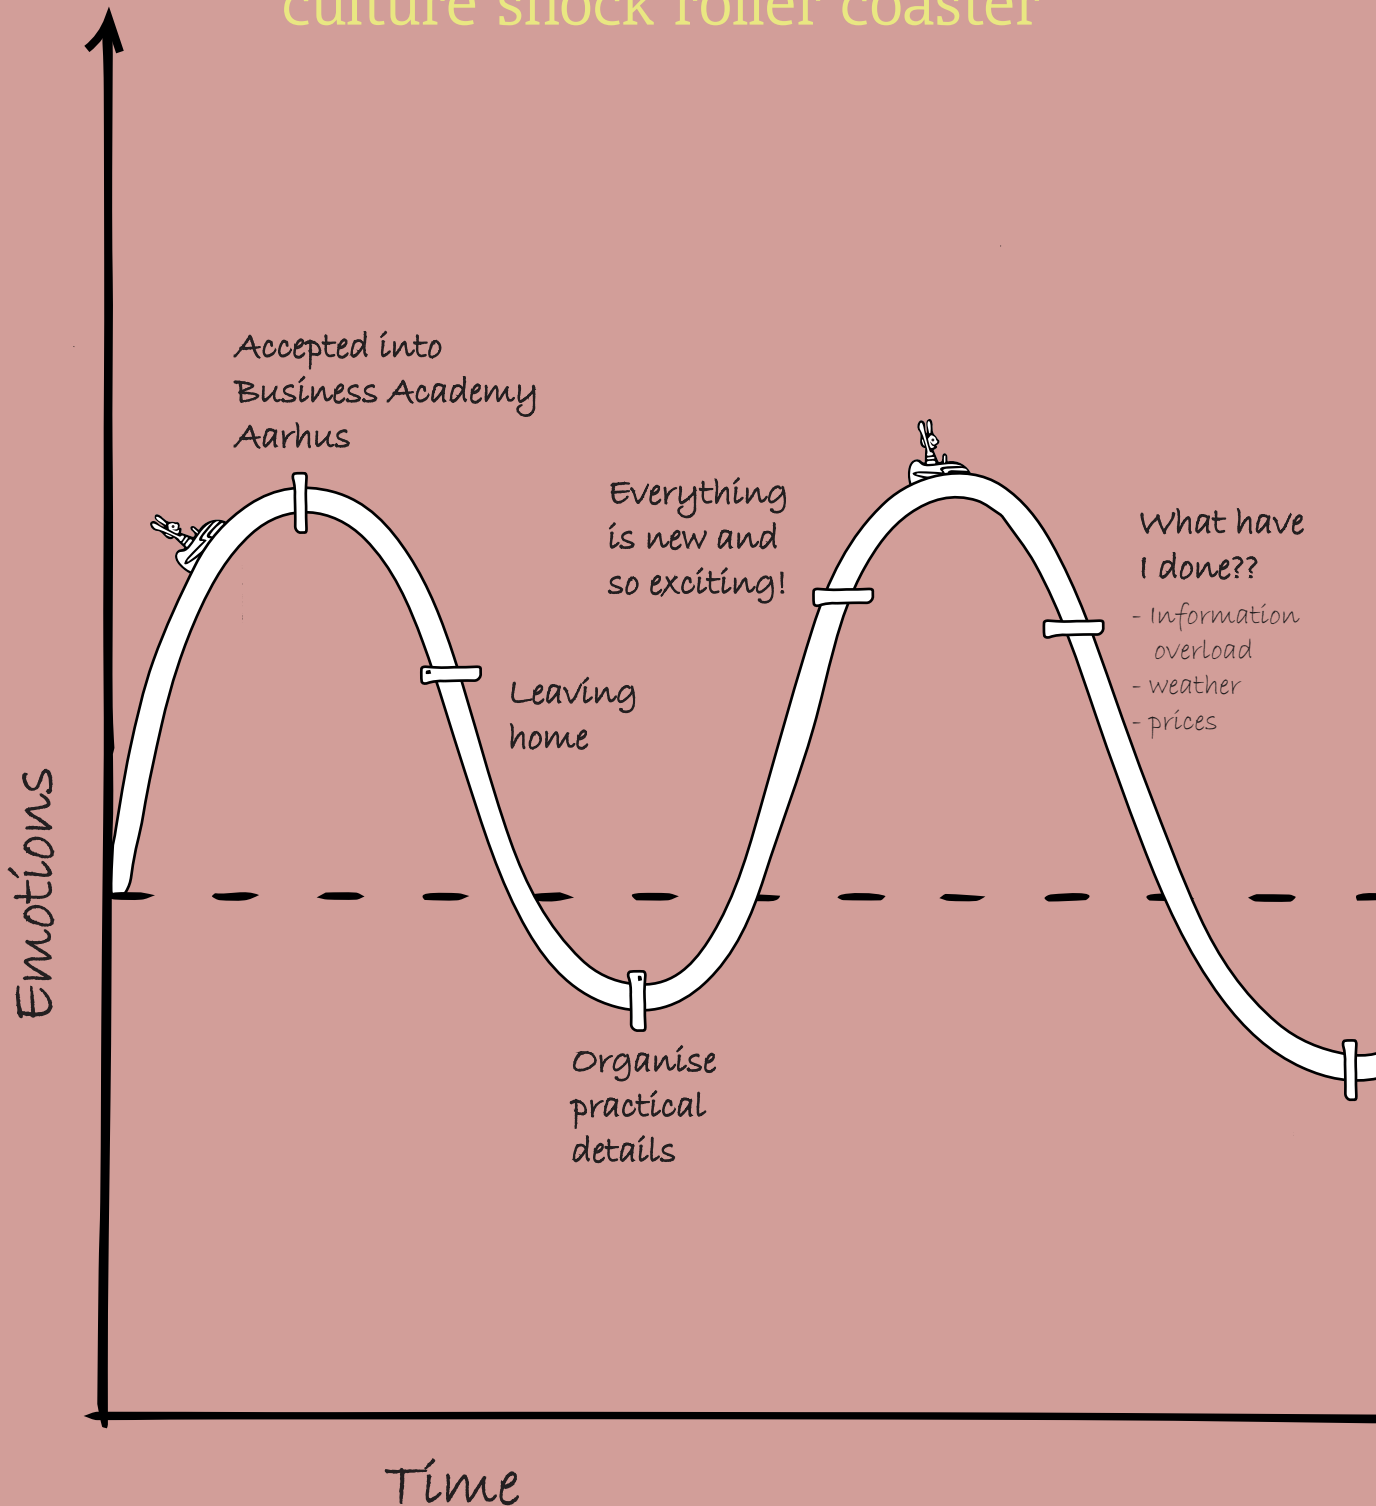

# 700

international students who contribute to  
our international spirit and teaching format.

# 70

partner universities spread all over the world.

# Be prepared to have the time of your life with the culture shock roller coaster

I could live here forever!  
Business Academy  
Aarhus is great!

I can do this!

- new friends
- traveling
- cool atmosphere
- lots of social events

Exams

It feels great  
to be home

Returning  
home

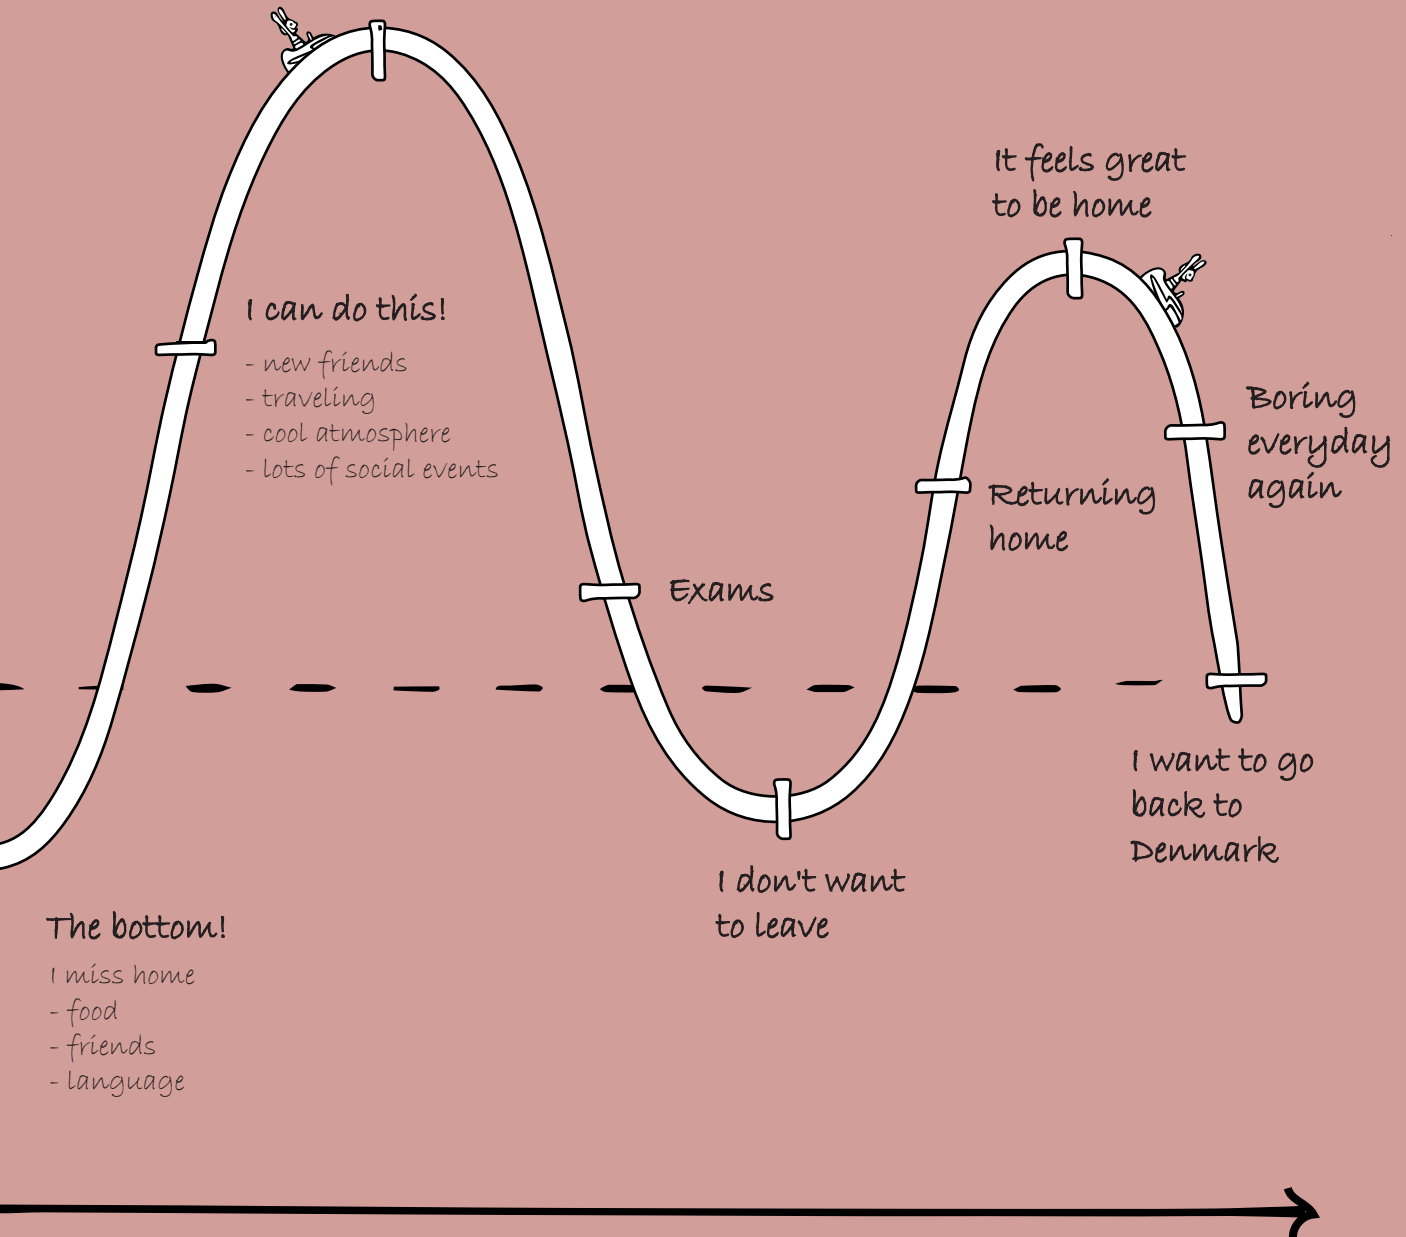

Boring  
everyday  
again

I want to go  
back to  
Denmark

I don't want  
to leave

The bottom!

- I miss home
- food
- friends
- language

# Be part of a vibrant community

We have about 700 international students from all over the world. And when you choose one of our programmes, which are taught exclusively in English, you will study with students from many different countries.

Aarhus has the highest percentage of students in Denmark and approximately 20% of the population are students, so you will be surrounded by internationals wherever you go in Aarhus. And don't be surprised if you find yourself talking in English to a stranger only to discover that you actually come from the same country!

## Be inspired by our campus

Our campuses boast world-class facilities and are continually being improved and developed. We offer the newest technological innovations and have beautifully designed Scandinavian furniture. All of our campus locations have an onsite canteen and the main campus also houses a student café and bar, a bookshop and the library. Students have 24/7 access to work on projects or just study in peace and quiet.

Salling rooftop

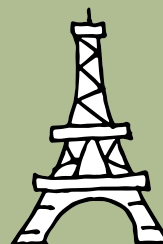

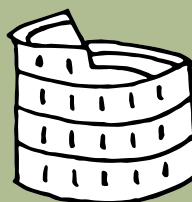

## Be captivated by Denmark's second largest city

Aarhus is the second largest city in Denmark with more than 350,000 residents. You will get a great international experience in a vibrant, active and culturally diverse city which is close to beaches and forests and yet also boasts wonderful cultural and shopping experiences. It is large enough for you to get lost in if you want, but small enough to be found if that is what you prefer.

## Be adventurous and see the world

And if you want to travel – do it! We have two international airports in close proximity to Aarhus and an extensive railway network for travel within Europe and Scandinavia.

# Be bold

So, what are you waiting for?

Provided your university has an exchange agreement with us, there are no tuition fees. All information about coming to Business Academy Aarhus as an exchange student can be found here:
