attainment and  
support at a distance

## Delegate feedback:

"I thoroughly enjoyed the day. I have learnt so much about peer learning and how this can benefit students at my institution. Thank you for organising this event. It was lovely to meet staff from SHU and other institutions."

"I really liked the short, sharp presentations and the variety of speakers (academic staff, skills professionals etc). It was a great way to come together with other people passionate about peer learning to hear more about what's going on at other institutions and how I might relate that personally to my own context. Thank you!"

"I genuinely thought the layout of the day was spot on...Well done on a very successful event!"
